All sticks ¼" x 2" medium-to-light
All sheet ¼" x 4" or med/light ½".
Finishes may have lightning holes or builder's discretion
(but then you have to cover it - you might as well with no holes and no tissue!)
Cover wing and tail topside only, do not shrink or dope the tissue.

Dihedral: 3° scale
2° is suggested

Free-wheeling propeller

Douglas DC-3
Indoor Slope Glider
Designed by David Armstrong
Nov. 2007
For Chuck Powell, a pilot, jumper, modeler, and friend.
